

TRISCO

Since 1964

Travellers Insurance & Surety Corporation

"Your key to stability. Your partner in business."

*With 60 years of industry experience,
17 branches nationwide, 13 extension/service
offices, and a strengthened financial foundation,
guided by our faith and company values,
**TRISCO continues to be your trusted and
steadfast partner in the insurance sector.***

ABOUT US

TRISCO is a non-life insurance corporation duly organized under regulation by the Department of Finance-Insurance Commission. It has been a stronghold and dominant player of clientele and reinsures both here and abroad. Operated by a new and dynamic management under an established name, reputation and solidity.

Engaged in the business of fire, marine, all kinds of bonds, casualty insurance, contractors' all risk, fidelity guarantee, and floater policies among others.

(Authority to become a surety, as per Administrative Order No. 119 dated April 04, 1965.)

VISION

To become a world class Insurance Company in the Philippines recognized for its excellence in providing quality, safe and competent service by 2030.

MISSION

- To our **Stakeholders**, we create value by delivering a fair and reasonable return on investment, and guarantee funds to reinvest in research and training.
- To our **Clients**, we provide high quality services through integrated specialty centers/branches, agencies managed by qualified Officers, Managers and Employees.
- To our **Employees**, we provide fair compensation, a safe working environment and opportunities or continuous professional developments through training and seminars.
- To our **Community**, we commit to support Corporate Social Responsibility by providing yearly outreach program for the less fortunate.

Since its launch in 2021, TRISCO: Plus has been continually enhanced to meet the evolving needs of the Company and our clients, especially in today's technologically-driven market landscape.

TRISCO: Plus' most transformative feature is its innovative and sustainability focus. It eliminates paper usage, delivering both operational and environmental benefits. By transitioning to paperless solutions for document routing, supply requests, and other processes, it helps conserve natural resources, reduce greenhouse gas emissions, and protect ecosystems.

On the operational side, the platform enables faster access to information, streamlining workflows, reducing paper and printing costs, and improving remote accessibility.

Additionally, the Company is enhancing TRISCO: Plus' financial and accounting capabilities, specifically for more efficient insurance processing, ensuring smoother transactions and better over-all management of financial operations.
